

Quick Daisy Embellished Fashion Doll Blouse Crochet Pattern & Tutorial

Quick Daisy Embellished Fashion Doll Blouse Crochet Pattern & Tutorial

This quick crochet fashion doll blouse is a sweet little project with a simple cropped silhouette and a pretty handmade finish. The blouse is created from two easy panels, giving it a slightly boxy shape with short sleeves and an off-the-shoulder style neckline. A lazy daisy embroidered flower adds the finishing touch and gives the blouse a charming botanical detail.

This pattern is designed for 10.5"-11.5" fashion dolls. Because doll body shapes can vary, try the blouse on your doll as you work and make small adjustments when necessary for your preferred fit.

Crochet Supplies

For this project, you will need a small amount of worsted-weight acrylic, cotton, or cotton-blend yarn, a 2.5 mm crochet hook, a yarn needle, scissors, and small amounts of contrasting yarn or embroidery thread for creating the daisy embellishment.

Blouse Front Panel

Slip Knot

Chain 28

Round 1

Starting in the 3rd chain from the hook, work 1 double crochet into each chain across.

Chain 2 and turn your project.

Round 2

Starting in the 2nd stitch from the hook, work 1 double crochet into each stitch across.

Turn your project.

Round 3

Work 1 slip stitch into each of the first 6 stitches.

Then work 1 double crochet into each of the following 14 stitches.

Finish the row by working 1 slip stitch into each of the final 6 stitches.

Fasten off.

Round 4

Join your yarn to the beginning of the 14 double crochet stitches from Round 3.

Work 1 double crochet into each of the 14 double crochet stitches.

Work a slip stitch into the following stitch to secure the row.

Fasten off and weave in the yarn ends.

Crochet the Back of the Blouse

Repeat the entire Front Panel pattern to create a second identical panel for the back of the blouse.

Once finished, you should have two matching crochet panels ready to be joined together.

Joining the Blouse

Place the front and back panels together, carefully lining up the edges.

Using matching yarn and a yarn needle, stitch the sides of the blouse together, followed by the underarm areas.

Next, stitch the tops of the shoulders together, leaving the center open for the doll's neckline.

Take care not to sew the arm openings or neckline closed.

Once the blouse is assembled, fasten off securely and weave in all remaining yarn ends.

Try the finished blouse on your fashion doll and gently arrange the neckline and sleeves until they sit the way you like.

Flower Island
DOLLS

The little embroidered daisy is what transforms this simple crochet blouse into something extra pretty. Using contrasting yarn or embroidery thread, create a lazy daisy embroidered flower on the front of the blouse.

You can use white for the petals and yellow or orange for the flower center, as shown in the finished design, or choose your own colors to coordinate with your doll's outfit.

Position the flower wherever you like before beginning your embroidery. Placing it slightly off-center gives the blouse a cute handmade look while allowing the crochet texture to remain visible.

Once the flower is complete, secure the embroidery yarn neatly on the inside of the blouse and weave in the ends.

Your Quick Daisy Embellished Fashion Doll Blouse is now ready to style with skirts, shorts, pants, or other handmade pieces from your doll wardrobe.
