Crochet Abbreviations

- **CH** – Chain
- **DC** – Double Crochet
- **SL ST** – Slip Stitch
- **ST** – Stitch

Step 1: Create the Foundation Ring

1. Begin by making a slip knot with your lilac yarn.
2. Chain 6 (CH 6).
3. Join the first and last chains with a slip stitch to form a small ring.

Step 2: Crochet the First Round

1. Work 10 double crochet stitches (DC) into the center of the foundation ring.
2. Once all 10 double crochets are complete, join the round with a slip stitch into the top of the first double crochet.
3. Chain 1 to prepare for the next round.

Step 3: Crochet the Second Round

1. Work **2 double crochet stitches into every stitch** around the previous round.

2. Continue until you have completed the entire round, creating a total of 20 double crochet stitches.
3. Join the final stitch to the beginning of the round with a slip stitch.

This round creates the fuller, textured circular shape that gives the handbag its distinctive appearance.

Step 4: Crochet the Handbag Handle

1. From your current position, chain 12 (CH 12) to create the handbag handle.
2. Bring the loose end of the chain across to the opposite side of the handbag.
3. Attach the chain to the opposite side with a slip stitch, making sure the handle forms a neat arch above the bag.
4. Fasten off the yarn and carefully weave in any loose ends using a yarn needle.

Step 5: Embellish the Handbag With an Embroidered Blossom
